

Consult. Construct. Enlighten.

athena engineering inc.

About Us

Athena Engineering, Inc. specializes in the design, construction, and integration of building systems. We've been around for over 35 years and have the in-house expertise to bring all of your systems - HVAC, electrical, lighting, IT, and security - into one unified pane of glass.

CONSULT

Building Automation Design-Assist
 Title 24 Surveys & Compliance
 Demand Response (DR) Services
 Utility Special Program Rebates
 System Surveys & Master Planning
 Preconstruction Planning

CONSTRUCT

Project Management
 Engineering
 Programming
 Commissioning
 Enterprise System Integration

MAINTAIN

On-Call Service
 Maintenance Plans
 Remote Building Management
 Retro & Continuous Commissioning
 Performance Monitoring
 Training

Systems We Design & Integrate

BUILDING AUTOMATION

Open Systems via IP, LON, BACnet,
 or Modbus

DDC Controls
 Room Controllers & Smart 'Stats'
 Pneumatic Controls

ACCESS & SECURITY

Access Control
 Security Management Systems
 Intrusion Detection
 Video Security
 Emergency Lighting

ENERGY & ELECTRICAL INFRASTRUCTURE

Smart Metering Systems
 Power & Power Quality Monitoring
 Building Analytics
 Lighting Controls
 Variable Frequency Drives

Facts-at-a-Glance

Founded: 1984

Contractor's License: 523044

Classifications: B/C-10, 20

DUNS: 11-856-3139

Bonding Capacity:

\$10M per project

\$25M aggregate

NAICS:

238220 - HVAC

238210 - Building Automation

Vendor Partners:

Schneider Electric & Honeywell

Certifications:

Our Clients

ACCO

Xcel Mechanical

University Mechanical

McCarthy Construction

Judicial Council of California

Kaiser Permanente

LA County Internal Service Dept.

Disney Worldwide Services

Comcast NBC Universal

Los Angeles County Metro

Chukchansi Gold Resort & Casino

Our Difference

- NMSDC National Minority Supplier of the Year (Nominator: Disney)
- WBEC-West Woman-Owned Business of the Year
- Kaiser Permanente 2018 Exceptional Partner Award
- Industry-leading Safety Rate (EMR)
- Complete range of insurance including Errors & Omissions and Pollution Liability
- In-house controls design team
- Commissioning performed with in-house staff
- Project Management powered by Procore Operating System
- In-house 3D Building Information Modeling capabilities (AutoCAD MEP, Revit & Navisworks) with full-time detailing staff
- LEED Professionals assigned to each project
- Graphics and Programming done in-house
- Certified Energy Managers, Professional Engineers, & Engineers in Training on staff
- All personnel are either OSHA 10 or OSHA 30 certified and CPR / First Aid certified
- Troubleshooting, on-site maintenance, and remote maintenance services

What We Install & Integrate

Our Vendor Partners

Honeywell

Authorized Controls Integrator

We're a Honeywell Authorized Controls Integrator giving us access to Honeywell's entire commercial product portfolio. Our team is trained in Honeywell's WEBs-AX and the Niagara platform.

TRIDIUM 

Schneider Electric

We're a Schneider Electric EcoXpert Partner - part of a worldwide network of Schneider Electric trained and certified system integration partners. This gives us access to all of Schneider's category leading building automation, energy, and security/access brands.
